August 2016

Canning Jar Quilt Block

Tutorial can be found at bugjarquilt.blogspot.com

Materials: Use $\frac{1}{4}$ " seam allowance

Background fabric- black

Jar lid - gray

Jar-vegetable or fruit fabric

Cutting:

Background fabric:

B Cut 2 - 1.5" x 6.5" rectangles

C Cut 2 - 2" x 2.5" rectangles

E Cut 1 - 1.5 x 3.5 rectangles

F Cut 4 - 1" squares

Jar Lid:

D Cut 1 - 1.5" x 3.5" rectangle

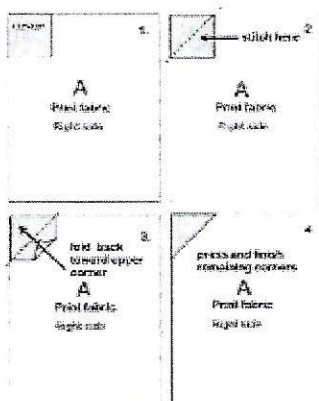

Jar:

A Cut 1 - 4.5" x 6.5" rectangle

Technique:

1. Draw a diagonal line on the wrong side of each of the four 1" F squares. Place one of the 1" squares onto each corner of the Jar fabric A and stitch on the drawn line. When the triangle is pressed open, you will have three layers of fabric in the corner of each jar. Trim away the center layer, leaving a $\frac{1}{4}$ " seam allowance. You will have taken out some of the

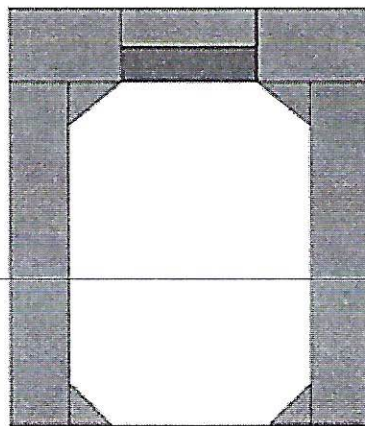

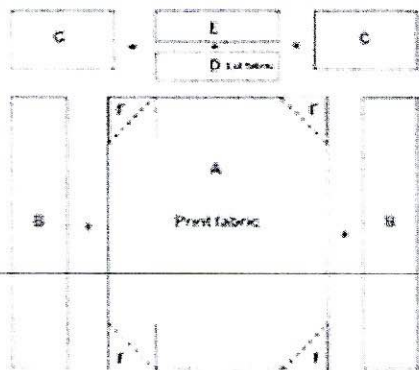

bulk of the corner, but left the integrity of the shape intact. See diagram below.

Block Assembly:

Assemble the blocks using $\frac{1}{4}$ " seam allowance and by referring to the diagram below.

1. Sew both side pieces B to jar rectangle A.
2. Next sew the lid D to top piece E.
3. Now sew sides C to pieced section D+E.
4. Sew section A+B to the bottom of section C+D/E.

The finished block should measure 6.5" wide x 8.5" tall.
